Rocket and Melon Salad

2 handfuls of wild rocket

- 1 ripe melon of choice
- 2 thin skinned oranges

1 tbs flaked almonds

100 ml greek yoghurt or crème fraiche salt and black pepper

Wash the rocket if necessary and dry well. Cut the melon into cubes or use a melon baller. Peel the oranges and slice them thinly on a plate. Toast the almonds in a moderate oven until gold.

Season the yoghurt if desired.

Arrange the rocket around the edge of a pretty serving dish and pile the melon and orange slices in the middle. Pour over the crème fraiche / yoghurt and decorate with the almonds.
